## Customer Reviews

So the calendar I got is rather, shall I say, confused. The artwork is AMAZING and like the others, I would have much rather had the doctors be in order so that the first doctor gets January, second gets February and so on and so forth. The big issue is that the months are very much out of wack. While I'm not against unstapling them and putting them in the correct order, it's kind of hard when not all of the months are there and some months such as January have shown up twice. This is the order of my pages: Overview of the year (War doc), January (10th doc), February (3rd doc), Overview of the year (5th doc), January (10th doc), February (3rd Doc), September (5th doc), October (4th doc), November (7th doc), September (11th doc), October (4th doc), November (7th doc), December (11th doc). So in short, I'm missing March through August and while the order of the months wouldn't have bugged me THAT much, I can't use this calendar as a result of missing half of the year. In all honesty, I'd give it 5 stars on account of the artwork, but I really can't ignore the fact that the calendar I got is this messed up.

Love the artwork, and yes, the doctors should be in order. I'm not crazy about the calendar design though - I like the traditional Sunday to Saturday layout rather than the way this is set up.

Great artwork of all the Doctors. Can't wait to use this. I love the included quotes from each

Doctor as well.

Whoever created/designed/assigned the Doctors totally missed the point -- January should be William Hartnell, September should be Christopher Eccleston (9th Doctor -- 9th month?)... Bad planning. I will NOT be buying this. My wife is even more pissed than I am.
