Rise Of The Lioness: Restoring A Habitat And Its Pride On The Liuwa Plains

Synopsis

Poaching and war damaged an isolated wilderness in West Zambia, reducing its lion population to just one: Lady, the last lioness. Witness Lady's fight for survival in this evocative narrative on the decline, fall, and rebirth of the Liuwa Plains. Follow Lady as she grapples with a landscape altered by human hands and discover how both Lady and humankind restore balance to the environment. More than a story about one brave lion, *The Lioness* offers a great introduction to life science by looking at the workings of an ecosystem, the methods of scientists and environmentalists, and explaining the interconnection between the plant, animal, and human systems.
