Between The Lines

Synopsis

In this delightful companion novel to *Off the Page*, #1 New York Times bestselling authors Jodi Picoult and her daughter and cowriter, Samantha van Leer, present the YA novel that started it all! Filled with romance, adventure, and humor, the magic jumps off the page (literally) in a story you'll never forget. What happens when happily ever after isn't? Delilah is a bit of a loner who prefers spending her time in the school library with her head in a book—one book in particular. *Between the Lines* may be a fairy tale, but it feels real. Prince Oliver is brave, adventurous, and loving. He really speaks to Delilah. And then one day Oliver actually speaks to her. Turns out, Oliver is more than a one-dimensional storybook prince. He's a restless teen who feels trapped by his literary existence and hates that his entire life is predetermined. He's sure there's more for him out there in the real world, and Delilah might just be his key to freedom. A romantic and charming story, this companion novel to *Off the Page* will make every reader believe in the fantastical power of fairy tales.

Book Information

Lexile Measure: 770 (What's this?)

Paperback: 368 pages

Publisher: EMILY BESTLER BOOKS/ATRIA/SIMON PULSE; Reprint edition (June 25, 2013)

Language: English

ISBN-10: 1451635818

ISBN-13: 978-1451635812

Product Dimensions: 5.5 x 1.1 x 8.2 inches

Shipping Weight: 1 pounds (View shipping rates and policies)

Average Customer Review: 3.7 out of 5 stars — See all reviews (565 customer reviews)

Age Range: 12 and up

Grade Level: 7 and up

Customer Reviews

As a long-time fan of Jodi Picoult, I've been watching her career very closely. It's been interesting to watch her change over time, to see her plots evolve and her create a unique formula all her own

(something of a female-focused legal plot packed with deep family conflicts and laced with commentary on modern issues and literary elements) and then watch her deviate from that. I was particularly intrigued when Picoult announced that she was working on a YA/MG novel with her daughter. I wasn't sure what to think -could it be really good, or would Picoult be able to translate into the YA world? *Between the Lines* is a unique take on the concept of happily ever after. In this world, fairy tales are more than what they seem. Young Delilah is something of a loner, who would rather stick her nose in a book than in anyone else's business. One day she comes across a strange book called *Between the Lines*, a seemingly stereotypical fairy tale that holds a strange secret of its own. The characters are real people, and when prince charming himself starts speaking to Delilah, she finds that's he's anything but the traditional fairy tale prince. He yearns for more -he yearns for freedom and real love. And it's up to Delilah to free him. Picoult and Van Leer offer a unique and more in-depth dissection of the traditional fairy tale than anything else I've ever read. The struggles here felt real, honest and most importantly -not easy (like they would be in a traditional fairy tale). I also enjoyed how Picoult wove her trademark multi-character viewpoint style into *Between the Lines*.

When I first saw this book pop up for pre-order in the Nook book store, I practically jumped up and down. A young adult novel by the woman who wrote *Plain Truth*, *My Sister's Keeper*, and *Keeping Faith*?! Hell yeah I want to read that! My name was on that pre-order list so fast I'm sure I had to be one of the first. But this has to be said - for Picoult fans - this is absolutely not the insightful, deep story telling that you can normally expect from Jodi. In fact, nothing at all in this story would remind you even a little bit of Ms. Picoult's writing. It pains me to say it, but I fear that her name was put on the cover so prominently so as to help her daughter's novel push through to the shelves easier. But I wasn't done yet - I decided that even though it wasn't truly a Picoult novel, I would still give it a fair shot. I'd give this one a weak 3 stars. Don't get me wrong, I adore young adult novels, and can get caught up in an angst ridden relationship just as easily as the next girl, but Delilah and Oliver's relationship just doesn't ring authentic at all in this story. After only a few short conversations that consist mainly of Oliver watching Delilah read the book - he declares himself completely and utterly in love with her and ready to be wed. And Delilah's fall for him seems just as compulsory and shallow. It seems she only falls in love with Oliver because they both grew up without a father. But even then, Oliver reveals that it was just how he was 'written' in the book, not truly his childhood that she had been relating to. The narrative alternates between Oliver, Delilah, and randomly - the fairy tale itself.

Between The Lines was a surprisingly sweet and delightful read, and not at all what I initially thought it would be. I suppose I should start by saying that this was my first book by Jodi Picoult, but, although I haven't read any of her previous novels, I had a pretty good idea what they were about (who doesn't?). While it was obvious to me that Between The Lines was not going to be yet another melancholic, harrowing, and profoundly meaningful read (in other words: not the usual Jodi Picoult's type of book), I did expect it to be a slightly lighter contemporary romance/drama aimed at the Young Adult audience. Needless to say, I was wrong. Oh, so wrong! Not only is the book more of a romantic fantasy than a contemporary novel, it also reads more like a MG than a typical YA. Filled with gorgeous illustrations, adorable characters, wonderful settings and breath-taking adventures, it is a book that is just as entertaining as it is innovative, and one that has something for everyone on the age spectrum. Between The Lines is a magical and beautifully written tale about true love, following your dreams, the power of imagination, and finding your own happily-ever-after. It's a wonderful story, and one with a beating heart. To someone like me, who grew up reading fairy tales and watching Neverending Story (over and over again), reading this book was a fantastic, uplifting experience. I enjoyed everything about it, from the imaginative premise, interesting characters and sparkly dialogues to the colorful illustrations. It's not a demanding read, you won't be biting your nails in anticipation of what happens next, nor will you come out of reading it with a tear-streaked face and a whole lot of emotional trauma. No, you're more likely to giggle, sigh in amazement, and clap in excitement.
