Grade Level: Preschool and up

Customer Reviews

This arrived in the mail yesterday. I was taken aback at how lovely it is! The designs are so elegant and heartfelt, it definitely gave me a sense of nostalgia right away. I can think of a million crafts I could make with the final designs, after I've colored them. I've got two pages in mind for wrapping a small Christmas gift. The paper is great quality and the cover is so beautiful. This book is so gorgeous, the moment I saw it, I knew I'd be ordering more for gifting out! My six year old snatched it right away & started saying WOW, who drew these, and demanded to color right then! We sat and looked over the designs for some time. So much for my own coloring book! ha! My mom arrived shortly after and saw it, then she decided to order some as gifts. I mean, it is THAT stunning. So, there are tons of Christmassy designs, I listed them below. But they are done in such a way, that many pages, if colored differently, could be used for almost anything. It's really a fabulous book, I

look forward to spending some quality time with my kids, coloring some pages. My only wish is that each design had it's own page with no image on the back, how will I choose which one to use for crafting! Still, the value is totally there, regardless. Like I said, I'm going to gift a few because they are SO nice.
