## Customer Reviews

I bought these for my daughter who was 2 1/2 at the time and they were way too juvenile for her. The concept is cute, but the execution isn't all that great. I would not buy these for a child older than 2.

This book just arrived after placing the order some time ago. I had originally ordered it for one of my nieces for Christmas but when it was back ordered and I was unsure it would arrive in time I ordered her a different book. I am glad I did because this book seems more for a 3-4 year old or younger with the touch and feel. The words are cute but am not sure little ones today even know who Jackie O. is. My little "fashionistas" relate more to Ariana Grande or Selena Gomez. The illustrations are

fantastic though. It is a very colorful book. I will put it under the tree for my 2 year old granddaughter and see what she thinks.

A friend gave this as a birthday gift for our 1 year old granddaughter, to whom we have been reading for several months. If your daughter/granddaughter enjoys books, especially books with touch-and-feel pages like our does, then I recommend it. Our granddaughter loves this book, and wants me to read it over and over. Recommended age is 4 and up, but I think it should be ages 9 months and up.

Very colorful and fun --- especially like the orange crocodile bag and the fur backpack. We loved the first one, MY FAVORITE SHOES, so got this one and love it too. Especially like the fact that not every girl represented is pale pink skin tone color!! Nice diversity, hip look. A good present for fashion-loving parents and their kids.

beautiful illustrations and loved the rhyming text - a playful approach to accessorizing and fun to read with little girls
