Customer Reviews

Large illustrations of animals and a simple but engaging text make this board book (which also features flaps to lift) a surefire hit. You'll find baby animals hiding behind the flaps and there are parts of the text that are repeated so your toddler can help you read this book aloud. From cover to cover this is a fun book and one your child will want to read over and over again. This book will be sent to my granddaughter since she loves animals!

This is my 2 year old's favorite book! We have read it so much that he can pretty much read it to me now! The illustrations are so cute and the story is very simple. It's perfect for any toddler!

My son loves opening the flaps to this super cute book
