Customer Reviews

Very nice wall calendar. Good, solid quality paper. The size is 15"x15". It includes pictures of the following models (per month): Kate Upton, Chanel Iman, Hannah Davis, Kate Bock, Hannah Ferguson, Chrissy Teigen, Lauren Mellor, Irina Shayk, Lily Aldridge, Cris Urena, Valerie Van Der Graaf, Nina Agdal and Bregje Heinen for 2016 teaser. What the description for this item fails to mention is that this wall calendar also comes with a 15" x 28" wall poster of Lily Aldridge. (I'll try to include a picture of it.) So yeah, highly recommended!

Not much of a calendar (the days of the month are in a vertical line down the side; takes up 15% of the page at most), but contains good pictures. Wouldn't recommend if you're looking to write things in boxes, though.

Got this for my technicians in my shop. needless to say they love it. However, the calendar portion for each month is very small. In fact its just kind of listed on the side. I dont think they mind that though.

For me the March picture of Hannah Davis alone is worth the price of the whole calendar - but that's just me. Beautiful ladies, as a calendar it lacks something in that the dates are not in a grid even, but who is looking at the dates on this one? Kate Upton starts it off right as the January picture.

This is a very nice wall calendar and I know my husband will be proud to hang it in his workshop!

Great pictures, not much of a calendar. I'd rather have had more of a standard calendar format with the pic above, calendar grid below; this one is pretty useless for calendar purposes. It does go well with the décor in my man cave, however.

I don't even know how they call this a calendar. It doesn't have a page with boxes for each day like a normal calendar. It just lists 1-31 down the side of the pictures in small print with the first letter of the each day. So you're pretty much paying 15 bucks for some pictures. Total rip-off. Now I have to spend more money buying an actual calendar.

It's big, it's got a page a month, it's models in bikinis. What can go wrong? Nothing much. If you like a calendar with girls in swim suits on your walls then this is a good one. In modern times you probably can't put this up at work but on a wall at home then why not. I've been buying these for years and this is one of the best.
