Customer Reviews

Light-hearted but instructional book introducing the reader to a great composer. I use the series to enhance the fine arts course I teach. This series of books should be in every classroom, every home. We are losing something fundamentally valuable by ignoring, cutting fine arts programs in schools.

We love this whole series! Recommended for homeschooling families and anyone who wants to learn about composers in a fun way!

This is a great book to use in the music classroom. My students love learning about people in history that made beautiful music!

EXCELLENT ITEM! BRAND NEW & DELIVERED QUICKLY! THANK YOU!
