Customer Reviews

Recently discovered Angie Grace coloring books. This is my 3rd book. Like all the others, this one is lovely. Very symmetrical. Clear, concise, and easy to color. This series, the Crayons and Wide Tipped Markers are great for those of us who are vision challenged due to age or eye diseases. Would highly recommend to anyone. Very relaxing to color. And the markers I use, Bic Mark Its, they work great with these books.

Not knowing what to send to a friend going through chemo treatments and having to spend many hours confined to a hospital during the treatments, I thought coloring in adult coloring books would be fun for him. Not only was it fun for him, but his wife who always accompanies him colors also.

Quality Product as Usual For an idea of how beautifully these images are colored, and the consistent quality of the books put out by Angie Grace, visit her website: www.angiegrace.com & also look at the Facebook Group 'Color with Angie Grace'. Angie herself posts pages she's colored & her current WIP to the group at least 2x/wk, and the work you see here done by members is inspiring and will absolutely confirm why you SHOULD order this & other Angie Grace books. Note that she publishes & prints exclusively through , so you won't find her books as B&N, BAM, Michael's, Hobby Lobby, etc. My only complaint is that I wish the pages were of a slightly heavier paper stock. Images are one sided & the paper used in the book is sufficient enough to hold markers such as Bic Mark-Its, Sharpies, Prismacolor, Copic & Crayola. Save yourself a facepalm though & be sure to put a blank sheet being the page you color with marker, as there will be some slight bleed through.

love this book. I love the wide tipped books by Angie Grace

This is so fun and relaxing! I always loved coloring as a child, and now have the pleasure of doing it as an adult. I own several Angie Grace coloring books, and highly recommend them.
