Nice book to add to the collection of any One Direction fan! As usual, this one is filled with more fun photos of the group as well as individual shots. What else is there to say, if you love One Direction, you'll love this!

It's a cool book, but I would identify it as a magazine because of its excessive colorful pictures. There are fun facts and its scripture is pure. Overall, the price is definitely worth it considering it's a \$10.99 value. FYI it's a gift, not for me.

Bought as a gift for my sister. She loved it and hung up a lot of the posters on her wall. The posters are more updated and don't have the boys in their X Factor days like a lot still do.

I love one direction but couldn't help but to be disappointed that it was basically the layout of a

fashion magazine with facts that you could find easily about the boys :/

I am in love with this book!!! Every Directioner must have!

Many photos, really could be considered small posters (be sure that you notice the size in the description). Recommend! I would appreciate it so much if you mark this review as helpful--thanks! :-)

Ordered 12/3 received it on 10/7 I thought it wasn't going to be here for another week or two. I flipped through the book its nice I know my daughter will love it

A very short book that reads like a fan magazine really, but it was for my daughter and she likes anything 1D. :-)
