Beatles

Synopsis

How did four cheeky lads from Liverpool ? John, Paul, George and Ringo ? become the greatest rock band in the world? Mick Manning and Brita Granström tell the amazing story of The Beatles with captions and strip pictures for fans of all ages. The story begins? John Lennon?s Liverpool childhood, his Auntie Mimi, his school band The Quarrymen; the developing friendships with Paul McCartney and George Harrison and the forming of The Beatles together with Stu Sutcliff and Pete Best. From amusing adventures in Hamburg to the arrival of manager Brian Epstein and record producer George Martin. Then Ringo Starr joins the group; fame and screaming fans; the famous tour to the USA; the making of the albums, key hit songs and early films? then the later years, with the gigantic Sgt Pepper album, their visit to India, the making of Magical Mystery Tour. Finally the break-up of the band and the new beginnings of solo careers for the Fab Four.

Customer Reviews

This picture book on The Beatles is definitely written for kids, and that's not a bad thing at all. It hits all the high points, following the Fab Four individually (but superficially) from just before they meet and form the World's Greatest Band until the break up. There are no big revelations that most adults wouldn't already know, and no references to drug antics or general nastiness. While the drawings are more on the cartoonish side, I could actually see some influence of Lennon's art work in them,

and felt they did a good job illustrating the action. It's all very clean and general, and a good guide for anyone wanting to introduce the next generation to the Beatles. Two things did jump out at me, however. One is the mention, in a small frame about *Strawberry Fields Forever*, of how Lennon "escaped" to a remembered happy place. But it's the addition of the information that modern therapy techniques urge us all to visit a safe place in our heads when we are worrying about something that pulled me totally out of my enjoyment of the reading. It was unnecessary and not a good extension for the story. Secondly--and this is something at which I just have to smile--there is an explanation of what a "single", an LP, and an EP are, including descriptions of the A side and B side. I am officially old. This is a good picture book that will gently give the outline of the rise of the Beatles, and most adults will enjoy it as much as any child.

They love the Beatles, and they love this book! Two little boys, nine and seven, coached by their parents towards the classics, my grandsons were thrilled with this book.

A book for my son. He loves it.

good

This book arrived with binding torn up. I just haven't sent it back yet.
