Customer Reviews

Bought this for my 11 yr old niece who loves drawing and is in a band. She and her 8yr old sister have had lots of fun using this book. I like that it has practice pages in the book so you dont need extra paper.

This book is easy to follow and kids will have their drawings look pretty good when done. This is not a book that will frustrate your kids because their drawings don't look like the book.

Good refeerence book.
