Customer Reviews

This book is very short which is fine, but several of the pages are laid out poorly. The pictures overlay the writing making it impossible to read. So half of it is unreadable. Not worth the money.

Ok, a couple pages weren't formatted properly. Some interesting facts for the child who's interested in football, but requires an adult to explain some of the content. Probably only worth \$1.99

I like the book .They're a lot of books about football but this is the book of themAll.
