what a great story, and perfect adaptation to Spanish, it sounds perfect, reads great, and love the vocabulary they used. i am from spain, so many times i don't love the translations other books use, but this one is just perfect. my son who reads this book in school in english loved it in spanish.

My daughter loved this book, but she lost it. I wanted to get it for my son. Being the KLUTZ that I am, I purchased the book in Spanish instead of English. I found it tedious to return an item less than \$10...so I'll just buy the English version when I have gotten over my stupidity.

Fun book! My 3 year old always asks for it when I offer to read a book. I have to say though the first time we read it i thought, "wait, that's it?", but then realized it was the salesman's journey and not the ending that mattered:)

Caps for sale is not a new book in the field of children's literature but it is always a favorite among children. They go back to it over and over again. So pleased to find it in Spanish!

wish it was in both english and spanish! only reason why 4 and not 5 stars

This is a great Spanish translation. My child loves this story and now we get to read it in Spanish.
