Customer Reviews

This is a review that... probably only a Directioner would understand. Just a warning to all of the parents wanting to buy this book for their Directioner kid and scratching their heads at my fan babbling. Sure, this book is long and all, but it's full of... junk. I like the boys - that's why I buy stuff like this! But I couldn't care less about their home town statistics, what other celebrities have to say about them, or the random articles about people I've never heard of before. I like Simon Cowell, don't get me wrong, but the first couple chapters were all Mr. Cowell and X Factor miscellany. Who cares?! Most of the book is fluff like this, and when you get right down to it, there isn't much in here at all. If you're expecting new information, it dates itself quite a few times. They think Harry only has

two or three tattoos. Ha! The boys twitter followers are half of what they are today, too. So this was new in like... July 2012? There wasn't a single thing in here that I didn't know before. It was like... a review book of sorts. Nothing exciting or new. The quotes that were used were old and are obvious interview answers the boys have used dozens of times. There was nothing creative about this book. Most of it was written like a newspaper, so I can't even know what's true or not. Which brings me to my biggest peeve with this book. It's inaccurate. They claimed that Liam's kidney was removed (he's still got two!), that Niall made Justin Bieber mad by flirting with Selena Gomez (a rumor that Niall disproved as he had never met her at the time), and they spelled Zayn's full name wrong. (I think - you'll have to ask the guy if it's 'Javaad' or 'Jawaad.' Pretty sure there is no 'w' involved in his name, but whatever...?) Another issue with this book is... Zayn.
