Customer Reviews

Got this for Christmas as kind of a gag gift. The mazes are actually REALLY detailed. They are definitely for older children/adults. Not for younger children working on their fine motor skills. Classic dover book. Something to keep you busy and is small in size. Easy to slip into a purse or bag and use in a waiting room or in a car to pass the time. This would be nice for a Halloween gift instead of candy.

I loved the illustrations, esp. the cover of this book. My son (who's 5) LOVED the mazes. He sat down and did them all (well practically all). Great for fine motor... and my son doesn't like to draw! I ended up giving these away as party souvenirs because they were so cheap and such a great design!

I buy these when I'm just short on getting free shipping. My niece and nephew like doing the mazes, so it's a win-win purchase.

Cute book. I put this in my cart to make my order add up to over \$25 for the super saver shipping.
