Pete The Cat: Too Cool For School (My First I Can Read)

Synopsis

Pete the Cat is back in New York Times bestselling author James Dean's beginning reader Pete the Cat: Too Cool for School. In this funny My First I Can Read Book, Pete just can't decide which outfit to wear to school! He has so many options to choose from. Fans of Pete the Cat will enjoy Pete's creativity in choosing the coolest outfit. Pete the Cat: Too Cool for School is a My First I Can Read book, which means it's perfect for shared reading with a child.

Books > Animals > Cats

Age Range: 4 - 8 years

Grade Level: Preschool - 3

Customer Reviews

So very dissappointed that the Pete in this book is so negative. I agree with other reviewers that the loss of Mr Litwin is noticable in this publication. Pete seems panicky, and negative through the book and not cool like in white shoes and groovy buttons. This book is certianly not worth the money. I will cherish the old pete books!

This title was preordered because I love the Pete the Cat books. The original books were fun to read (sing) and the children loved them during story time at the library. The story itself is not that bad. When I preordered, I did not realize that there was a large full size fold out poster and a sheet

of stickers attached at the beginning of the book and two sheets of Valentine's Day cards attached in the middle of the book. Not sure how to remove the extras so I can use the book for a story time. I prefer Eric Litwin as the author and not Mr. and Mrs. Dean. I still love James Dean's illustrations.

Like others have said, it's not like previous Pete the Cat books. You can't sing it, it's not as catchy/memorable, so I was a little disappointed. But it is sweet, and my kids dug the inserts. Price for the hardback is MUCH better than ordering through my kid's Scholastic Book Club.

This Pete the Cat is NOT like the others. It is not a sing-a-long book and it quite lacking. Will not be purchasing any future releases.

We love the Pete the Cat books, how lyrical they are to read/sing. This definitely is a regular story, and as much as I appreciate a husband/wife team effort (esp for valentines day), the only thing that resembles Pete is the art, not the personality. As Pete says, "it's all good", but not my first choice. My girl didn't notice since she loves reading, but I certainly did.

We like the Pete the Cat books, which are part of Harper Collins' "My First Level, I Can Read!" series. Pete may not be as well known as Little Critter, Biscuit, Fancy Nancy, or the Berenstain Bears, but he has a kid-size groovy vibe that bests those slightly aging franchise bedrocks. Unlike some of the "I Can Read" books, the Pete books usually have a complete story, with a clear beginning, a couple of developments in the middle, and then a satisfying ending. I like that even in very early readers. What happens makes sense and the endings are satisfying. Each fully illustrated page has two sentences, running from four to seven words each. That's a nice length and a good and fair challenge for a little starting reader. The drawings fully support the text, and while they look a bit amateurish at first the characters are actually expressive and presented effectively. Many of the Pete books have a mild message, (be yourself, do your best). Here, Pete is choosing an outfit to wear to his first day at school. He takes advice from everyone and ends up way, way overdressed and rather silly looking. Finally, Pete takes off everything and puts on what he wants. Be yourself indeed. The message didn't strike me as terribly heavy-handed, but that's mostly because it was hidden under so many layers of silliness. The Pete books vary in their messageness, and this one does fall a bit to the obvious side of the balance. That said, it's fun and a bit ambitious, which is a nice touch for such an early reader. So, all in all, this is one of the few early readers books that strikes me as "set worthy" and we've been happy to collect them all over time. The paperback

versions are particularly good value.

One is not like the other. Pete the Cat is being prostituted by the illustrator for \$\$\$. No creativity outside pictures. The writing is stale, boring and particularly negative in this Valentines title. This is not Pete the Cat that author Eric Litwin brought to life in the first books of the series. Our home will be boycotting Dean's work while we await the next release from Mr. Litwin.

This book was disappointing. I bought it since my son is a major Pete The Cat fan but he wasn't interested in this book at all and frankly neither was I. There is no song, no asking questions, no fun story line. It was basically "hey it's valentines day, watch me make cards for people, the end." The best part of the whole book was the valentines day cards inside. The poster was incredibly dumb and went in the trash pretty quickly. It's a picture of the cover of the book, and then it's a picture of the book showing the cover. Pointless. I wouldn't recommend buying this unless you are only looking to get the valentines day cards.
