Customer Reviews

Got it for a Christmas gift for my 11 year old. He's read it over and over again - so much so that the cover binding came loose and I had to fix / glue it back - that would be the only thing I would say is that the way that they glued it was shoddy - put more glue to secure the back and front covers.....

but maybe it was because it was "lovingly read"

fantastic book. great info and glorious pictures! great for all ages.

Book was a Christmas gift to a friend's child

This book came in excellent condition and came much sooner than I expected it would. It was as described and I'm sure it will be enjoyed by the person to whom it is given.
