I purchased this book for my 2 year old niece Abby. She couldn't put it down. She especially liked the number 8 page. A simple but effective way to learn to count to 10 with beautiful illustrations and short sentences. Abby and I are Duck and Goose fans and this one is another hit. We are eagerly awaiting Duck and Goose's next adventure.

I buy books for my nephew, who turned 1 on Christmas Day. My brother and sister-in-law read to him every day so I buy all ranges of books to add variety for them (the adults). This is a beautiful

book and a wonderful series overall. The illustrations are so colorful and the books are kid-hand-friendly. I will add more of this series to his library.

Love giving the Duck and Goose books as gifts. I stock up on these because it seems like there is always a baby shower, holiday or birthday coming up. The smaller board books are perfect for infants - 3 years and the larger and hardcovers work well for older kids.

I am a HUGE fan of Tad Hills' Duck & Goose books, especially his board books. I like this book but I don't love it. The colors are bright, we see lots of familiar faces, and the cuteness is overwhelming! However, I like counting books that focus only on the objects we are counting. This book is a bit too busy for really young children but may work better with an over-1 crowd.

We originally bought A Book of Opposites: Duck and Goose: What's Up Duck? for our son before he was born. We have since purchased the whole Duck and Goose series. You will not be disappointed. Our 14 month old loves Duck and Goose!!

The Duck and Goose board books are great. My 1 year old loves to flip through the pages and "Duck and Goose, 1,2 3" is no exception. All the books are colorful, fun and simple. A great series for 6 months +.

Our daughter loves the duck and goose books. This is a good one but not the best one - go for the feelings book or opposites first.

My 2 yr old has loved Duck and Goose Colors for a long time and was thrilled when we added this one to his library. He really enjoys reading it and counting along with the book. The pictures are bright and adorable. A great board book!
