Bike EXIF Custom Motorcycle Calendar 2015 (Multilingual Edition)

Synopsis

The bikes featured in the Bike EXIF Calendar 2015 were crafted by artisan builders from around the world. They stem from varied backgrounds and take distinctive approaches, but all produce brilliant results. For the guys at Wrenchmonkees this meant drawing upon 16 years of experience to produce a unique and stunning Laverda 750. In the case of Bill Costello, his BMW R100T Custom was only his second build. With the help of local craftsmen at an auto interior shop, a machinist and a wheel maker, Bill was able to create a thoroughly impressive bike. Another commonality of all the builders was their focus to do whatever necessary to achieve their vision of the perfect bike. For Christian Schwarzenlander of ExesoR this meant sourcing the basis for his Honda CB Café Racer on eBay for a mere \$340.00. In contrast, Max Hazan crafted his Harley Ironhead entirely from scratch to build without compromising the design. Featured Bikes January - BMW R100T February - Honda CB Cafe Racer March - Moto Guzzi V50 Monza April - Kawasaki Kamikaze Cafe Racer May - Laverda 750 June - Honda CB Cafe Racer July - Triumph Bonneville August - The Sprintbeemer September - Honda XL 500 October - Kawasaki W650 Scrambler November - BMW R1200S December - Suzuki ST400

Whether you are stuck inside during a blizzard or a rainy day, every day you can look up and feel inspired by these awesome motorcycle images each month. It is a very big calendar, but it is only to contain all the awesomeness.

The pictures are crisp and vivid, though for the size of the calendar I wish each day slot was bigger. Also included is a \$10 gift card to Revzilla.com, a place I'm sure you're familiar with if you own a motorcycle and service it yourself.

This beautifully shot calendar covers a lot of wall space, so one gets both large detailed images of artisan bikes, but a a readable, uncluttered calendar with approx. 200 word histories of the custom build. I'll be keeping many of these images around after the end of 2015.

Great seller. Shipped quickly. Awesome calendar. We had the 2014 year calendar and loved all the bikes featured along with their detailed descriptions. If you're into motorcycles or if someone you know is, then this calendar is for you/them!

I can't speak to '15 yet (it's currently on order), but '14 was so good, I had to get it again. I keep it at work, and it lends itself to a nice daydream or two when I need it most. Top quality work, and by that I mean the custom rides, the photography, the layout/graphic design, printing... the works. Best MC calendar out there, no matter what you ride.

The coolest motorcycle calendar around..just like 2014 and 2013's were. Office-friendly & gives me something to stare at when my mind wanders, or I'm in need of inspiration.

This is a big, gorgeous calendar of high quality. The images are large and minimalist with stories associated with the depicted bike. The paper used is of very high quality. I love this calendar.

Great calendar, my second year ordering it. The quality of the calendar and images are superb. If you love motorcycles this is the calendar for you.
