Customer Reviews

My 15-year-old Pokemon fanatic started reading these books and now his 13, 11, 10, and 9 year old brothers have picked them up as well. They're hardly literary works of art but these days, anything that gets them reading works for me.

It's a fantastic read. Just be sure to have another \$9.99 to spend. This doesn't have the real ending of the series, it's in the \$9.99 Pokemon Black and White Vol. 9.

My 12 year old kid loves it. He reads every book in about an hour because he says they are lots of fun. The graphics are very nice specially for manga lovers. I will buy these books again.

My son loves his gift. Very timely delivery.

Awesome nothing else needs to be said
