Customer Reviews

I got this for my six year old son who loves bull sharks. He enjoyed the way the information was presented so much he asked me to get another book in this series, the komodo dragon vs the king cobra. To me this is perfect for a young six or seven old boy who is interested in certain animals and how they might react in a fight. A great way to get young boys interested in reading more about certain animals.

My grandson LOVES these! Great price.

My son loves these books!

My nephew loves it!
