# Indestructibles: Old MacDonald Had A Farm

## Synopsis

Indestructibles are the 100 percent baby proof, chew proof, rip proof, completely washable, and nontoxic series of books.Â Books built for the way babies read, Indestructibles are printed on an amazing nontoxic, paperlike material that holds up to endless chewing, gumming, gnawing, grabbing, bending, and pulling. Then, once the books get dirty, parents can throw them in a dishwasher or washing machine to make them clean as new. The title is adapted from classic nursery rhymes and illustrated by Jonas Sickler. Sicklerâ™s paintings are whimsical and fun, filled with dazzling textures and eye-popping color. They will grab and keep a babyâ™s attention, and delight adults. The book offers a multicultural twist on a classic nursery rhyme -- Old MacDonald Has a Farm, set in Bolivia is full of llamas, alpacas, sheep, and cows. The text for the nursery rhyme is printed on the back cover.

## Book Information

Paperback: 8 pages

Publisher: Workman Publishing Company (February 3, 2011)

Language: English

ISBN-10: 0761159223

ISBN-13: 978-0761159223

Product Dimensions: 7 x 0.1 x 7 inches

Shipping Weight: 0.3 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 starsÂ Â See all reviewsÂ (91 customer reviews)

Best Sellers Rank: #12,348 in Books (See Top 100 in Books) #3 inÂ Books > Children's Books > Geography & Cultures > Explore the World > Central & South America #16 inÂ Books > Children's Books > Geography & Cultures > Where We Live > Farm Life #19 inÂ Books > Children's Books > Literature & Fiction > Poetry > Nursery Rhymes

Age Range: 1 - 2 years

Grade Level: Preschool and up

## Customer Reviews

Review summary:Pros: Easily washable (dishwasher or laundry), truly indestructible, easily portable, fun images, baby loves them, conveys different ethnicity/culture than my own, at least conveys a story (unlike most of the other Indestructible titles)Cons: Story is very, very short and words (just the nursery rhyme) appear on back cover rather than on each pageMy son loves his Indestructibles books! He has 7 or 8 of them now. He is just over 1 year old now and I got him his

first ones used at a yard sale when he was 5 months old. They really are indestructible: they withstand so much abuse (teething, crushing, tug of war, and more) and then I pop them in the dishwasher to clean them up (you can also put them in the washing machine). The bright colors and fun images never seem to fade regardless of how used they are. I actually prefer it when they are broken in - much softer. You can even iron them (with a sheet or some other colorfast fabric that can take the heat between the book and the iron) to make them flat again. I love that they are so thin that you can take them anywhere. I can easily slip one into my tiny purse to take on the go. When we took a vacation recently, we brought a couple of these books to "read" as bedtime stories instead of his board books so we could pack light (we made up stories for each of them because they don't actually have words or much of a storyâ | Read on for more on that). These books are worth every penny! My only complaint is that none of the books are ones you sit down and read together. I hate that! I want to read him a story. Yes, I understand that these have a key role to play in literacy because it encourages free exploration and communication about the images and blah, blah, blah.

At about 5-6 months old my baby developed an insatiable taste for paper... she loved to crumple it, crunch it, wad it up, and put it in her mouth. After a couple of Sundays with corners of church bulletins chewed off and wads of soggy paper pulled from my baby's mouth in my purse, I knew we had a problem. The "indestructibles" books seemed like the perfect solution. At first I thought it was too good to be true, but I bought one to try it out anyway. Sure enough, my baby product tested it like a star. She tried to rip, she tried to chew, she tried to moisten the pages in order to rip and chew by sucking/gnawing on the book for extended periods... all to no avail! Even after being jammed in the diaper bag and crumpled by other toys, these books remarkably retain/rebend to their original shape. And to baby, they look and feel and SOUND like paper! Overall, GREAT quality product, beyond DURABLE, and great pictures to boot! (Though, for our purposes, this part was truly optional) Some reviewers have complained about the lack of words. I was a bit disappointed by that at first too when I first flipped through the books in a store, but then I realized, "Do I really need a book to say 'Deer' for me to point it out and tell my baby, 'That is a deer!'" Likewise, with some of the Nursery Rhyme varieties of these books, I KNOW the Nursery Rhyme, and my grabby chewy baby rarely has patience to sit and listen to a story in sequential order anyway... and when she does, these probably aren't the books we're reading! (Again, I bought them for the indestructible quality) That said, I do like the themes, the rhymes, and the multi-culturalness of many of the books in this series. The book does exactly what it claims to do and beautifully so! But, one caveat...
