Customer Reviews

I'd give it 3.5 but I can't. It's not like the "pout pout fish" book or "the pout pout fish in the big big dark". It's much more simple and shorter. Cute but nothin special. Get the other 2 books I mentioned instead. Those are amazing!

We love this book! Our daughter is 18 months and dances back and forth when we read the Pout Pout pages. She also has us skip right to those pages sometimes :) Great book and adorable illustrations.

Not a full size book. My son loves the original pout- pout fish book and thought he would love this too, however, this book isn't as well written as the original or even pout-pout in the big dark. This is

a small quick book.

My toddler LOVES "The Pout-Pout Fish", and this is another cute book in the series. It's much shorter than the original book (it's a mini adventure), and the rhythm isn't as satisfying as the original, but it's a cute, short book (and sometimes short books are nice!) with a nice message.

Meh. It's overpriced and better off just sticking with the full version books. There aren't enough words on the page so maybe good for young toddlers?

At 12 pages, with one line each, this is a short and small book about love. The fish are showing love for each other. There's not much plot, some cute illustrations. I like the longer and bigger Pout Pout fish books.

My daughter loves the Pout Pout Fish books. This one is really short. Not as cute as the others.

Very cute book. However this book has about half the pages from the original.
