Customer Reviews

These are great biographies - filled with silly cartoons, real artwork images and an easily approachable biography that kids can relate easily with. I have found other curriculums that use these books as the "reading" source and I'm really pleased with these books. I love that my kids are learning about the works greatest artist.

I teach kids art and the kids love this series of books! I do too.

Great book!! Mike Venezia makes learning fun with these books!!!

Got for my 10yr old who loves art. Written to relate on kids level with lots of factual information. He really enjoys it.

Good for teaching kids

Nice

It was a small, thin 'Scholastic' book, which I didn't expect. The vendor put it in a heavy cardboard envelope which I had to cut to open because it was so unwieldy. At the same time, I cut partly through the book.
