## Synopsis

Thomas Kinkade believed that gardens are God's promise of renewal. ## Customer Reviews

We have been purchasing this calendar for years, and it is a nice complement for the 7 Kinkade regular paintings and about 20 small prints. We give one to our son's family every year. The listed dimensions seem to change slightly each year, but so far it always fits the frame we purchased for the first one. If you like Kinkade's art work, you will likely enjoy his calendars.

I love his calendar's. Big spaces for each day to write down appointments or anything else you want to remember. Scripture verses, blank spaces for notes. Pages for addresses, birthdays, phone numbers, or emergency numbers. Pockets on the back of each cover to store notes. I have bought one of these every year for the past 8 years at least. I would hate to be without one. I use it every day.

Received this today and the pictures are super grainy. I compared it to the 2016 edition I have currently and it's terrible. Not sure if that's the way it is or I got a bad copy. Either way, it's going

back. ^•

I purchased this wall calendar for a few images, The Tangled Boat Scene, The Pirates Scene, Cinderella the clock strikes midnight (this image was cropped at the top and sides as well as a couple of others, tiana, lady and the tramp) the Cinderella scene left me wanting a little more detail. Mainly they left the Pirates and Tangled photos alone and those were the images I wanted Most..

I got this for my grandmother who loves Kinkade paintings. Nice calendar and is big, which means a) you can really see the pictures of the paintings nicely, and b) it has big day squares so there is plenty room to write in appointments and such. Grandma liked it!

As always, we love the Thomas Kinkade calendar. We use it in a wall display wooden calendar frame, and at the end of the year give the old one to a friend who loves to get ideas for has oil paintings.

There isn't any Make- Up Artist in the world that can even come close to the Creator's fingertips when he designed Nature. This calendar reflects the beauty of nature. Thomas Kinkade paintings bring the grace, beauty and peace Mother Nature gives. Please start your New Year with this priceless Gardens of Grace calendar!

I love my Thomas Kinkade 2015 mini wall calendar! I spent a few weeks looking, off and on, for a mini calendar with scenic images - and, specifically, images that had snow in at least the images for January and December. This one was the best I could find, and now that I have it and it's hanging on my wall by my office desk, I love it! The January image is beautiful, and I love seeing it every day. Also, the images are printed to the edge of the upper page - no borders which would make the images smaller on an already small calendar. All the images are lovely and I'm extremely happy with my hard-earned choice!
