## Customer Reviews

My mom used to read this book to me ALL the time, and then we would talk about what she thought HER "baby bunny" would be. I'm now 27, and she still refers to me as "the baby bunny" because of this book. I am a 1st grade teacher, and today I got a good evaluation, and mom said, "Well, it sounds like the baby bunny has grown up to be a great teacher!"

This book is about all the glamorous things that baby bunny could be when he grows up, but he knows what he wants to be! A daddy rabbit who loves and takes care of all his little baby bunnies!

I was thrilled to see this book is back in print. I remember loving it as a child, and I love to read it with my kids (ages 4 and 2). I also bought it for my 18 month old niece for Christmas and it brought back memories for my sister. The story is a heartwarming tale of a rabbit family imagining what their

baby will grow up to be. The illustrations are fabulous and I recommend it to anyone with a small child.

Very cute book. The entire family thinks about what baby bunny will be when he grows up... but baby bunny just smiles because he knows what he wants to be.... a good father just like his dad. = ) Illustrations are wonderful though the clown was a tad scary.

I remember having this book as a child and remember it being one of my favorites. I was happy that I was able to purchase this for Easter for my kids in time, since it did sell out. I was also happy to find it on . Same amazing little book that I remember. Love the little golden books, we will be ordering more!

Purchased this and other Little Golden Books for the library in the village I volunteer in Ghana. I grew up with these books and wanted to share them with the children who have not been exposed to them. I know they will like them.

Our children love this special book. We all appreciate Richard Scarry's simple, relatable stories and his beautiful illustrations. What will Baby Bunny grow up and decide to be? A firefighter? A mailman? A farmer? Read this sweet tale and find out for yourself.

This covers a variety of jobs a child might dream up for themselves or family members as they guess what they will be when they grow up. It is fun to see kids react to the various careers such as doctor, lifeguard, lion tamer, mailman, etc. So many parents try to guess what their child will be so it can be a fun read for them too.
