## Customer Reviews

its a cute book for the Peppa Pig fan. I thought it would be something new that hasn't been shown on the shows but it seems to have copied things from various episodes. The kids liked it well enough - good bedtime story for them.

My 15 month old daughter LOVES Peppa. It is the only show we allow her to watch and she asks for it constantly. She was thrilled with this book. She spent 3 hours just looking at the pictures and pointing to all of the characters. We've read it a dozen times already. My only issue is there were some printing issues that caused some weird discoloration and streaks along some pages.

"The Story of Peppa Pig" is a sweet and amusing book for little one's. My 3 year old grandson loves

Peppa Pig and really enjoys this book and the colorful illustrations. Peppa Pig and her family are precious little characters that provide simple lessons and cute story lines for small children. Well worth getting for your small child, or as a gift for someone you know.

This story is well written and offers a nice little (non-episode based) summary of Peppa and her family. It's a good length and a fun bedtime/naptime read.

My daughter likes Peppa Pig so this was a "must item". She likes looking at the book and pointing to all the characters. She can turn the pages herself. Please note that the pages are not really thick. The story is about Peppa Pig Family so it is a good introduction for all Peppa Pig "beginners". Don't expect a great story though.

My two granddaughters just loved listening to the story of Peppa Pig. They were not familiar with this book and just loved to hear the story over and over again. I would highly recommend this book to anyone.

My daughter loves reading this peppa book. Love the story of peppa Pig and highly recommend this peppa pig book

I love peppa pig. My daughter loves her too.. I can watch the episodes by myself there is always something in there the parents can laugh at. The way that she is with George is exactly how it was when I was a kid :) my daughter and I (she JUST turned 3) read this book.. oh about SIX TIMES a day! she just adores it. It is an episode of a tv show so it's a good read without her getting bored of it! If someone likes peppa this is a must! it's also an introduction to Mummy, Daddy, George, Grandpa and Grandma (oh and Peppa!)
