Customer Reviews

I'm not sure my baby daughter will enjoy the image of birds behind bars. Why this particular picture made its way into an image book for very small children is beyond me.

I bought this for my twin granddaughters for their first birthday. The colors are very bright and they love the book!

I liked this book , my sons reading lvl was above the lvl of this book , still helpful , my son enjoyed none the less

Good book for my daughter to read on her own. She really likes the pictures and words in this book.
