Customer Reviews

I love this chapter book! It has great details. The book has 3 animal rescues: Tiger in Trouble, An Albino bat baby and The three Monkeyteers. Each rescue is great to read. Even though there are few pictures, I still love it! Great book for animal lovers.

I'm only half way through this book, and so far it's pretty good! The stories are fun to read, and they really make you want to help these animals. This is a good book for all ages, and it's good for animal lovers or just someone who wants some good true stories of animal rescues. I recommend this book.

I think this book is a very good and it is a fun. I also have to say is that this book is a non-fiction story. This book has three different types of animals that have a special kind of problem with them. The first animal has to do with the big cats, the second animal has to do with the a roost, and the third animal has to do with the word primate. I think if you are 8+ you should read Tigers in Trouble.

Although this seems to be a pretty good book, I was very disappointed that it was not in new condition. Too much of a hassle to print label and return. :/

Awesome stories! I read it three times! The last story about the three monkeys was my favorite! I love it!

I'm an adult and enjoyed the book - anyone who loves and cares about animals will. The albino bat was especially enjoyable for me with the pictures. Can't go wrong with National Geographic !

My boys loved on their Kindles!!! They love all the animals and insect books like this one. Since I started buying these- they have NEVER READ MORE!

"If y'all don't like this book, then you don't care about anything.""Monkeys, Tigers, And bats are great animals. Help them"
