Customer Reviews

I am writing this review in hopes that the publisher (Vintage International) will improve the usefulness of this day planner. I will be frank. I LOVE, LOVE, LOVE the artwork of Catalina Estrada, and that is the main reason I purchased this planner. The quotations by Paulo Coelho are a nice plus, and certainly add to its charm. This is what I value the most about this planner: (1) Catalina Estrada's beautiful art on every page. I get goosebumps just turning the pages. (2) Basic Lunar cycle information (I am happy to know when the New and Full moons occur). Thanks for including this information, as most calendars and planners don't include this information anymore. (3) Nice amount of space for each day's entry (2 days per page, and Sunday has an extra notes section). (4) One ribbon bookmark (but I wish there were more). (5) Full 2016 and 2017 calendars at the front, side-by-side. I prefer them together, so this is great for me. This is what I think the publisher could improve: (1) Use a binding that allows pages to lie flat when opened. Spiral binding? (2) Less slick pages. Ink is more likely to smear on this type of paper. (3) Bigger space between the diary entry

lines. Not everyone has tiny handwriting.(4) Add a built-in elastic band so the diary can remain closed.(5) Add more NOTES pages at the back. There are only 9, and that is not enough for many notations I make throughout the year that I don't want hidden away in the journal section. This area could definitely be enlarged.(6) Add an address section or at the very least, a list section. Basically, this is a day planner to buy for the amazing inspiration of the artwork and the thoughtful quotations.
