Customer Reviews

My daughter can sit with this book for hours and hours. This was perfect for the summer months. Not as hard as the hidden picture books that don't have a picture list of the items to find. Keeps it fun, because she will look and look until she marks every item off. The books with no pictures made her bored very quickly. I'll likely buy all the books like this that Highlights puts out!

Perfect perfect perfect for my 4 and 5 year olds. This is a great quiet-time activity that they can do on their own. We keep Hidden Pictures books in our car, and each one has one for their bedrooms if they stay up a little late or wake up a little early. Also fun to do together. LOVE these books.

These books were purchased for a 92 year old woman in an effort to keep her awake and interacting. She absolutely loves doing these puzzle books. They are not just for children!!

I love Hidden Pictures!!!! When I work on a hidden picture, it is like a nerve relaxer, stress buster for an hour or two. Try it!!!!
