Product Dimensions: 8.9 x 9 x 0.8 inches

Shipping Weight: 1.4 pounds

Average Customer Review: 4.4 out of 5 starsÂ Â See all reviewsÂ (5 customer reviews)

Best Sellers Rank: #583,939 in Books (See Top 100 in Books) #35 inÂ Books > Children's Books > Cars, Trains & Things That Go > Construction Vehicles #141 inÂ Books > Children's Books > Science, Nature & How It Works > Heavy Machinery

Customer Reviews

This book is great! I bought it for my 21-month-old and he loves lifting the flaps to discover what is behind each one! There is a little rabbit that children can find on each page. The book is fun for little ones and is highly recommended!*The one thing that parents should be aware of is the flaps on the last page are somewhat delicate at the bottom. I had to reglue mine because they tore off when I opened them (only because they are at the very bottom of the page).I would also recommend Planes, Tractors, Trains, Emergency Vehicles, and Diggers from this series!

My son loves the book but it showed up missing 3 flaps insides. With the limited number of flaps to begin with, that was a huge disappointment and not something I saw in the description. Won't purchase from the seller again.

This book has bright images and lots of flaps for little hands to lift. We find this to be a favourite and always many things o be pointed out and talked about beyond just the story.

This book is really adorable! It came in perfect, new condition, as promised, and is very cute!! I recommend it.

I needed a sturdy book about "diggers" for our soon to be two year old and this fit the bill! I'm always happy with Usborne books!
