Customer Reviews

I've been buying Dover publication coloring books for years. I can usually find one on nearly any topic I want. Especially cool now that grown up coloring is in style. Well researched & reasonably priced. Thanks

I like this book. I work at a museum and needed coloring pages of U.S. military men in uniform from a bunch of different military eras for an activity I'm creating. This worked wonderfully. I bought it used and there were a couple pages that had been colored already, but I think I can use photoshop or something and make them usable. I'd have given 5 stars if the Vietnam War grunt had been facing forward and not backward.

Very good book and coloring. I know most people don't know what color the military ribbons are but I those were left blank it would be the ultimate.

A good clean copy depicting many forms of uniforms

Interesting and fun to color
