Customer Reviews

I bought this and some of the others to help encourage my 6 year old to read. He loves superheros and of course TEEN TITANS GO! While the words are somewhat on par with a K/1st grade reading level the actual font was kind of small and the comic style made it hard for him to read. I think when he gets a little bit more use to reading these might work for him but right now they are too much. I thought the stories were super cute though and as an adult obviously I didn't have any problems reading and following along with the comic style. Maybe not for super beginner readers but slight more advanced.

I bought these initially to read with my kiddos. They were not at all interested. I enjoyed the references to and mocking of the "more serious" DC titles. Since the meta-text went over the kids' heads, they didn't stay engaged. I bought all of them for myself, so AAAW YEAH, TINY TITANS, but they didn't work for the family fun time I'd hoped for.

Adorable book for kids who love superheroes! They are in comic book form, but if it makes my son read, it's fine. I also purchased the other books in the series. Comic books that a new reader can start on.

I bought this to introduce my young cousin to the world of comic books, and DC Comics heroes. He and his mother howled with laughter. He asked if I would send more? Definitely!!

My daughter reads this book over and over...and laughs the whole time! She really enjoys this and wants another volume. Book arrived quickly.

He loves these books and the comic stores are not offering them any more, thank you . Even my 9 year old daughter started to read them.

Bought this for my grandson's 6th birthday. He couldn't wait to start reading it. He shared it with his Grandfather who enjoyed it to.

This product is exactly what I was looking for! It fit the description and arrived on time. I was very satisfied with their business.
